

# RoHS

## Reduction of Hazardous Substance Certificate of Compliance

This document certifies that we are fully RoHS compliant in accordance with EU RoHS Directive 2002/95/EC. Wall Industries hereby declares that the following materials or substances do not contain above the threshold levels listed other than exceptions approved by RoHS. The chart below is maximum concentration by weight in homogenous materials.

<u>Material/Substance</u>	<u>Threshold Level</u>
Cadmium	0.01%
Hexavalend Chromium	0.1%
Lead	0.1%
Mercury	0.1%
Polybrominated Biphenyls, PBB's	0.1%
Polybrominated Diphenylethers, PBDE's	0.1%

Our products are also compatible with a no lead solder process. (Call factory for maximum temperature). Information provided by Wall Industries concerning the substance content of its RoHS products, bases its knowledge and belief on information provided by our suppliers and makes no representation or warranty as to the accuracy of such information. Wall Industries continues to take steps to provide accurate information, but may not have conducted destructive, chemical or x-ray analysis on incoming information.
