

### **Registration, Evaluation, Authorization and Restriction of Chemicals (REACH-SVHC) (SNIP)**

Wall Industries, Inc. does not sell or produce any of the listed substances in their homogeneous form. These substances are not intentionally added during the manufacturing of any Wall Industries, Inc. products. To the best of our knowledge, Wall Industries, Inc. products do not contain the substances described on the ECHA SVHC list. The obligation to submit information in the SCIP database covers all articles placed on the EU market containing a substance of very high concern (SVHC) on the Candidate List in a concentration above 0.1% w/w. Product information submission to include the SCIP number when applicable.

This information is based on our experience of our products and its processes. Suppliers of raw materials are also in compliance with ECHA SVHC list within their own products. We base our declaration from knowledge alone. This information is provided to express the context of our certification. Testing is not performed for materials and substances that were not intentionally added. No warranty, liability of indemnification is expressed or implied with this information.

Wall Industries, Inc. will continue to monitor the ECHA website to ensure compliance with the latest information and periodically review the SVHC list for changes and additions.
